

# Medicare-Certified Extended Care Facilities

## RECOMMENDED

### Memorial Health Swing Bed and Transitional Care Unit Providers

When recommending extended care, our affiliates are our strongest asset. Transferring to an affiliate location allows you to be closer to home and still receive the same high-level care you have come to expect from Memorial. The terms Transitional Care Unit (TCU) and Swing Bed both refer to short-term care in a hospital setting. This ensures that a patient, while no longer in need of acute services, still has the resources and support to help them progress in their recovery before returning home.
