### 2021

#### Springfield Memorial Foundation Colleagues

Melissa Hansen Schmadeke  
Executive Director

Lisa Flynn  
System Director for Foundation Finance

Emily Marshall  
Database Specialist

The Springfield Memorial Foundation develops resources that give residents of central Illinois access to the best possible healthcare. Our vision is to improve the health and well-being of the populations we serve.

## Dear Friends,

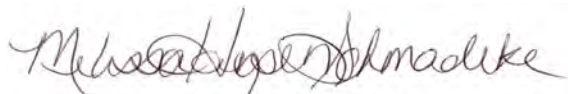

2021 was a year full of changes. The biggest change is a new name—we are now Springfield Memorial Foundation. We transformed colleague giving by creating a system-wide campaign. We even revolutionized our grant application process. Finally, we made significant changes to our annual holiday event to ensure diversity and inclusion.

While the year was full of changes, our commitment to our donors, colleagues and community did not change. That commitment is reflected throughout 2021 as the Foundation celebrated its 40th anniversary by giving back to the community that has supported it over the years.

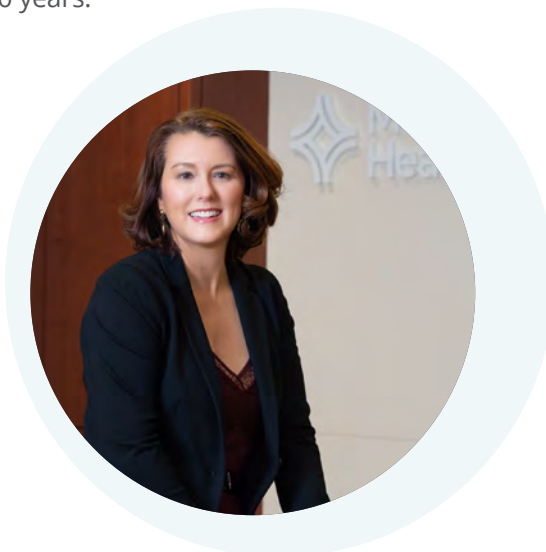

- We provided more than \$600,000 in grants to Memorial Health, SIU School of Medicine and to the community.
- We provided an inclusive holiday event free of charge in a central location so that all could participate and enjoy.
- We provided everyday supplies to a local homeless shelter, assistance to cancer patients, funded wishes of hospice patients and more.

You can read about the transformations and all the ways we gave back in this year's Community Update. Thank you, to our donors, our colleagues and our community, for your support of the Springfield Memorial Foundation for the last 40 years.

With gratitude,

**Melissa Hansen Schmadeke**  
Executive Director  
Springfield Memorial Foundation

## Springfield Memorial Foundation Welcomes Two New Board Members in 2021

Paul Staab III

Paul is a funeral director at Staab Funeral Home. A graduate of Southern Illinois University, Paul is active in the community. He is a board member of the Phoenix Center, supporting central Illinois' LGBTQ Community. Paul is part of the leadership of Professionals in Springfield Metro (PRISM). Paul and his husband, Dustin, live in Springfield with their two goldendoodles.

Monica Zanetti

Monica, a professional artist and social media consultant, is the owner and operator of Wild Rose Artisans in Springfield. She is a graduate of San Diego State University. She serves as the secretary for the Hispanic Women of Springfield and is active in Downtown Springfield Inc. She and her husband, Jeremy, live in Springfield with their son and daughter.

## Grants

After a 12-month moratorium, the Springfield Memorial Foundation resumed the annual Board Directed Grant Program. The annual program is at the heart of what we do, and we are proud of the positive impact these funds have had on the health and well-being of our community. In 2021, the Foundation proudly provided more than \$600,000 in grants to fund health-related projects in central Illinois. These funds support programs to improve health and purchase lifesaving equipment and educational materials for our current and future healthcare workers.

### Grant to EMS Agencies Helps Fund Needed Training Materials

Thirty-two emergency medical service agencies in nine counties received more than \$17,000 in grant money from the Springfield Memorial Foundation to purchase instructional materials required for on-site training and certification.

The grant allowed the agencies to purchase American Heart Association instructional books for Basic Life Support, Advanced Life Support and Pediatric Life Support and allowed the groups to train and educate staff and increase the instructor pool at each agency.

"The American Heart Association requirements are a critical component of the Springfield Fire Department EMS training and education program," said Heather Moore, division chief of Training and Education, Springfield Fire Department. "The updated curriculum and hands-on training gives our department providers the sets and reps needed to build the muscle memory that leads to successful patient outcomes."

**\$17K**

## Foundation Helps Provide “Camp GOTR” to 22 Girls from Central Illinois

Springfield Memorial Foundation provided \$3,670 to Girls on the Run of Central Illinois for Camp GOTR. Girls on the Run coaches lead four days of structured, fun lessons at day camp. Participants built confidence and unleashed creativity in a safe environment.

Camp GOTR combined the best of Girls on the Run with all the fun of summer camp! During camp, third to fifth grade girls built friendships in a fun and inclusive setting that included interactive games, physical activities, creative arts, crafts and storytelling. Led by caring and qualified Girls on the Run coaches, Camp GOTR provided a one-of-a-kind opportunity for girls to develop self-confidence, learn life skills they can use now and as they grow, and have fun with friends.

**\$3,670**

to Girls on the Run of Central Illinois for Camp GOTR

## Foundation Helps Provide Sleep Away Camp for Underserved Students

In August, Compass for Kids hosted Camp Care-A-Lot with support from Springfield Memorial Foundation. The Foundation provided \$9,830 to Camp Care-A-Lot, a five-day camp experience offered free to underserved elementary students from throughout central Illinois. The grant provided medical staffing and funds for healthy activities.

In addition, the Foundation facilitated a presentation from Memorial Care physician, Dr. Dave Sandercock, who spoke with campers about ways to be healthy. The camp offered a unique opportunity for children to help them achieve their future goals and live healthy lives.

## Grant to Illinois College Nursing Curriculum Provides Hands-On Learning

Illinois College (IC) in Jacksonville received a \$50,000 grant for equipment needed to support the pre-licensure BSN nursing curriculum and enhance “hands-on” student nurses’ learning in a preclinical environment.

The tremendous need for all levels of the nursing profession has continued to grow during the global pandemic. Approximately one third of the 182,951 RNs currently employed in Illinois are planning to retire in the next five years, according to the State of Illinois Nursing Workforce Center.

Springfield Memorial Foundation proudly supports the IC BSN program which will provide an uninterrupted pipeline of highly qualified BSN nurses to help meet demand within the region.

**\$50K**

grant for equipment needed to support the nursing curriculum

**one in three**

RNs are planning to retire in the next five years

## Sharing Wishes Grants 35 Wishes

The Sharing Wishes Fund granted 35 wishes in 2021, making a significant impact in the lives of many hospice patients and families. Since it was established in 2012, the program has granted the wishes of 436 patients.

The program has provided gift cards to supermarkets and restaurants, lift chairs, music therapy and home security systems. In recent years, Sharing Wishes has seen an increase in fidget and sensory items which provide a calming response for patients who are in distress due to dementia. Sensory stimulation for those who are struggling with dementia can provide a soothing distraction.

Social worker Jobi Tabb poses with fidget and sensory items for hospice patients with dementia.

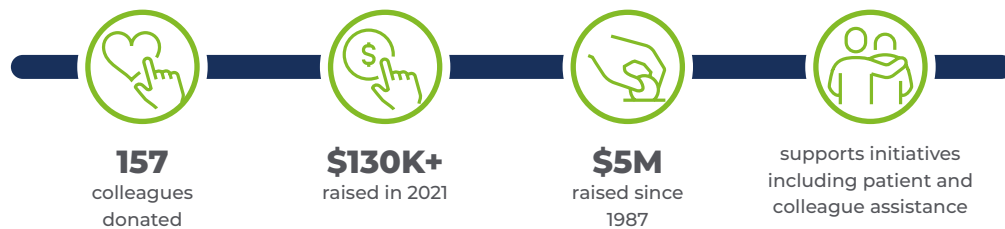

# All Five Memorial Foundations Work Together for System-Wide Colleague Giving

During the month of June, Memorial Health colleagues made a difference throughout our organization by donating to the Colleague Giving Campaign.

By giving back—big or small, the donations have made a great impact on Memorial's colleagues and the people and communities we serve.

Since 1987, Memorial colleagues have donated more than \$5.7 million to support patients, colleagues, education and research throughout Memorial Health.

157 colleagues donated to Springfield Memorial Foundation's 2021 Colleague Giving campaign resulting in \$130,702 raised to support the efforts of the Foundation. These gifts support initiatives including patient and colleague assistance, patient care and colleague education.

## Helping Patients

The Foundation administers five patient assistance funds for patients who need assistance beyond healthcare.

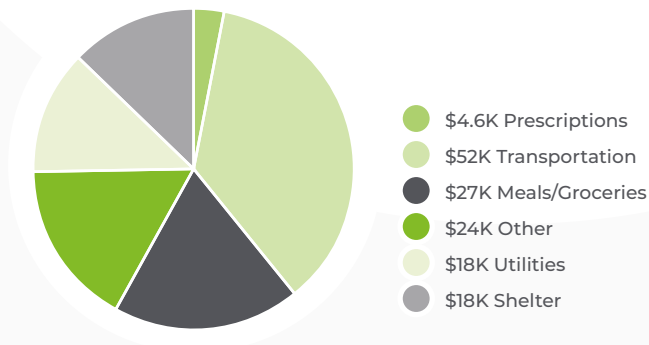

**Breast Cancer Patient Assistance Fund**

**Cancer Patient Assistance Fund**

**Sexual Assault Survivor Assistance Fund**

**Sharing Wishes (for Hospice Patients)**

**Transplant Patient Assistance Fund**

**\$145,128 to 418 patients**

provided in 2021 by the Foundation throughout central Illinois.

## Cancer Patient Assistance

In FY 2021, the Foundation provided \$122,232 in assistance to 298 cancer patients throughout central Illinois. Assistance included:

Transportation

Meals/groceries

Shelter

Rx assistance

Utilities

Other household needs

When donors make a gift to the Cancer Patient Assistance Fund, they help patients who face challenges beyond cancer. These gifts allow the patients to focus on healing. The Cancer Patient Assistance Fund helps patients pay for groceries, transportation, assistance with rent and utilities.

You can make a difference in the lives of cancer patients by donating today at [memorial.health/smf/giving](https://memorial.health/smf/giving).

### Yoga in the Park

On Saturday, Aug. 7, Memorial Behavioral Health provided an opportunity for some self-care. The free Community Yoga Event at Duncan Park focused on ways to relieve stress. In addition to yoga, adult crafts were provided by Springfield Art Association.

Learn more about self-care and Memorial Behavioral Health at **memorial.health**.

## Chapman Endowment

We mourn the loss of **Dr. David Chapman** who chaired Springfield Memorial Hospital's OB department for many years and who was a longtime supporter of Memorial. In the summer of 2021, Dr. Chapman created the David C. Chapman, MD, Endowment Fund to honor excellence in patient care within the Labor and Delivery staff at Springfield Memorial. Dr. Chapman was an extraordinary physician who is missed by all who knew him.

To continue his legacy, you may donate at **[memorial.health/smf/giving](https://memorial.health/smf/giving)**.

“  
I got to see  
firsthand what  
frontline workers  
were going  
through...  
”

## Local Artist Honors Healthcare Heroes

Springfield resident, Jermaine Ward, created a large-scale artwork honoring the efforts of Memorial colleagues in the fight against COVID-19. Ward said he was inspired to create the piece after he injured his back in the early days of the pandemic. His injury led him to Springfield Memorial Hospital's Emergency Department. "I got to see firsthand what frontline workers were going through. The care I received from them was phenomenal so I wanted to do something nice for them," Ward said.

## Memorial Holiday Fest

Due to challenges created by the COVID-19 pandemic, the Foundation made the difficult decision to end Festival of Trees and replace it with a new annual holiday celebration—Memorial Holiday Fest.

---

The hospital foundation partnered with community organizations and area businesses to bring the event downtown. The event was held in conjunction with Downtown Springfield Inc.'s Old Capitol Holiday Walks each Wednesday evening and Saturday from Nov. 27 through Dec. 22.

The Memorial Holiday Fest offered nearly all activities for free and raised funds for Springfield Memorial Foundation, thanks to the generous support of its sponsors.

The new holiday celebration featured a festive combination of community events, and families discovered a variety of popular holiday activities as well.

A familiar sight were the dozens of creatively decorated trees, wreaths and gingerbread structures. Trees were on display through the holidays in downtown business windows. Wreaths were displayed at the Illinois State Museum, and student-decorated trees were spotlighted at INB. The Abraham Lincoln Presidential Library and Museum hosted the gingerbread village in the café.

Time-honored activities were also included. Visits with Santa Claus and local entertainment took place at the Old State Capitol square. Families were able to participate in making handprint potholders and sock skating at Kidzeum and learned about global winter holidays through craft-making at the Illinois State Museum.

To make Memorial Holiday Fest an event welcoming to all, we incorporated winter holidays celebrated around the world. Kwanzaa, Hanukah and Diwali are a few of those holidays seen at the newly created fest.

Our friends from the Jewish Federation of Springfield and the Springfield and Central Illinois African American History Museum supported the fest by creating beautiful display windows. The windows highlighted their traditions and gave the background behind the specific holidays.

A warming tree, on display at the downtown YMCA, was decorated with scarves, hats and mittens. Another unique tree, built by the Springfield Art Association, was made out of books and viewed at the Lincoln Library.

President Lincoln was even on hand at the Springfield Visitors Bureau. People flocked downtown and spent time shopping at local businesses or grabbing a meal at one of the local restaurants.

## Caring for our Community

Of all the many beautiful trees at Memorial Holiday Fest, one tree served a very important purpose—it brought warmth to those in need. The “Warming Tree” at the downtown YMCA was filled with hats, scarves, gloves and warm socks. Anyone in need of the winter items was welcome to take what they needed.

The Foundation was approached by Karen Lommler, a long-time volunteer, about the concept and was thrilled to assist Karen execute her vision. A special thank you to Karen and her friends for donating the items and designing the tree.

## Helping the Homeless

Throughout 2021, the Foundation donated kitchen and food service supplies to Helping Hands of Springfield. Items included cups with lids and straws, plastic cutlery, plates, napkins, food serving gloves, food trays and individual packs of tissues. Kitchen items included a microwave, roasting pans, coffee pots and even a hot dog roller grill. These supplies will benefit people who participate in Helping Hands' shelter and housing programs.

Each year, Helping Hands serves about 1,000 community members who experience or are at risk of homelessness. Memorial partners with Helping Hands in many ways to help people achieve their best health and life.

A photograph of a modern hospital building with a large glass facade and a brown upper section. The words "Memorial Health" are prominently displayed in large, white, three-dimensional letters on the brown section of the building. The image is partially obscured by a light blue curved graphic element at the bottom.
