

Practice Update...

Initiate Preprocedure Preparations Alert

Alert will fire to ED & Inpatient Units for RNs, LPNs, PCTS, & Unit Secretaries:

- ✓ If a procedure is scheduled in **SPA, MainOR, & CVOR** in **≤ 24 hours** or patient is **On Call**
- ✓ When the **chart is initially opened**, then **every 4 hours** when the chart is opened

Discern: Open Chart - MAINOR, PERIOPTWO (1 of 1)

Cerner Initiate Preprocedure Preparations

Initiate Preprocedure Preparations

- 1)NPO after Midnight (NPO Now, if Surgery Today).
- 2)Complete 2 CHG Baths, if indicated
- 3)Validate Order for informed consent is present.
- 4)Signed Consent
- 5)Complete PreProcedure Surgical Prep List in Ad Hoc
- 6)Obtain IV Access

Document PreProcedure Surgical Prep List

Close Window

Items must be completed to:

1. Safely prepare the patient for surgery &
2. Prevent surgical delays

Button opens the Pre-Procedure Surgical Prep List Form.

- If no prep list has been started, it opens a new form
- If prep list has been started, it opens the 1st saved prep list
- If patient has multiple surgeries, it will never open an old prep list from previous surgeries

NOTE: The form will still be accessible through Form Browser (for modifications) and Ad Hoc (to start a new form).
