

Using the

Video Remote Interpreting Device

The Device...

- Use as a replacement to an in-person interpreter
- I-Pad Stand - Face-to-face or audio interpretation capabilities
- Easy to clean - Use PDI wipes after each patient use
- Stored in Social Services Office - During weekdays, contact Social Services to receive a device (588-3360). During evenings, weekends, and holidays, contact the house supervisor to receive a device (788-3184).

Steps for using the device...

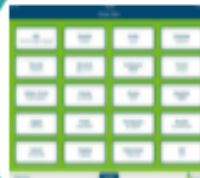

#1

Click on the green "Video Interpreting" App on the home screen

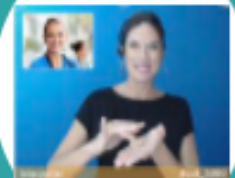

#2

Login using the username and password provided to you on the instruction sheet with the device

#3

Select the language from the list

#4

Greet Interpreter, stand behind the device, and speak to the patient in first person
