

Please sign off on your students charting at the end of each clinical day.

1. Establish a relationship with the patient as Nursing Instructor.
2. In the Assessment Flowsheet, select Instructor Review. You can type in a message such as “reviewed student charting, agree with assessment findings.”

The screenshot shows the software interface for 'Instructor Review' and 'RN Review' with various annotations and a comment box.

Instructor Review Section:

- Top navigation: SURGERY, P
- Flowchart: 7/1/2020 2325, 7/2/2020 0926
- Table:

	7/1/2020 2325	7/2/2020 0926
