

2025 EMS Office Highlights

Two protocol updates, which included:

Added Hemorrhagic Shock Alert • Added Spinal Motion Restriction • Created new MCI forms • Added Ketorolac • Added additional Ondansetron to med bag • Added Decision Making Capacity to refusals Changed to BEFAST/CPSS • Added Mag Sulfate for Polymorph V-tach • Added TXA for blunt force Chest, Abd, Pelvis • Added Peds Pelvic Fx

32 hours of FREE education were offered. Do you scramble for CE hours when you renew? Did you attend any of these?

- Mid-America Emergency Symposium, \$55 for 8 hours of CE and collaboration (including breakfast, lunch, and snacks!)
- Cares Registry implementation for collecting Cardiac Arrest Data
- 87 Ambulance inspections, 5 non-transport initial inspections

EMS Office Hours

January EMS Office Hours will be Jan. 22, 2026, at 5:15 p.m. The focus is IDPH processes such as staffing waivers, in-field upgrades, vehicle license changes as well as adding/replacing vehicles. Please forward any additional questions on these topics and we can include helping all agencies.

Agency Rosters (Per Protocol 2.E.2)

An agency participating as an EMS provider in the Memorial EMS System must notify their Resource Hospital of the following:

- Notify the System of agency personnel changes and updates within 10 days. This includes addition of new personnel and resignations of existing personnel.
 - a. Rosters must include Name/level of provider, Phone #, email, license number and license expiration date. Roster updates among other documents will be required at annual inspection and the six-month interval between inspections.

This is applicable for both transport and non-transport agencies. Please keep these current and submit!
