

## Legal Consultation

In our lives we may encounter difficult legal situations or have legal questions that can affect our well-being.

Sometimes these situations can interfere with our relationships, our ability to self-care and our professional lives.

Memorial EAP provides all colleagues, their spouses and their dependent children 26 years of age and younger with legal education and consultation services. Memorial EAP offers legal consultation services by credentialed attorneys with experience in a wide variety of areas. The legal consultation team specializes in solution-focused services based on the colleague's expectations and needs.

### Legal offerings:

- **Legal Consultation**—Colleagues receive up to a 30-minute, face-to-face or telephone consultation. Colleagues can receive consultation in virtually all areas of law, such as family/domestic matters, estate planning, civil matters, criminal, motor vehicle, real estate, etc. Matters involving employment are not covered.
- **Mediation Services (included as part of all legal options)**—For services beyond the initial face-to-face or telephone 30-minute consultation, colleagues receive a preferred discount rate of 25 percent off the provider's normal hourly fee.
- **Online Legal Forms and Website Services**—Memorial EAP provides an expansive legal library with easy-to-use, award-winning, smart document technology that allows colleagues to find, fill out and print legal forms created by credentialed lawyers. Documents come with educational content, including definitions and help prompts, and are stored on a secure server.
