

Patient Outcome Requests

Have a question or concern that doesn't require an Incident report? Not feeling like making that long trek back to the EMS Office? Or maybe just curious about the outcome or findings on a particular patient? MEMS now has an easier way to submit these requests. Simply take out your phone and scan the QR code with the camera! It only takes about a minute. A FIN number is required. This QR code will be located in the EMS room as well.

Revised Education/Training Application

Please be advised that the Division of EMS and Highway Safety (IDPH) has recently updated its application form for the submission of Education and/or Training. The new version of the form can be found on the Departments Division of EMS Website at the following link: [EMS Testing & Education \(illinois.gov\)](https://www.idph.state.il.us/ems/testing-education) This form will replace the existing form. The current existing forms will no longer be accepted after July 1, 2023.

Agency Leader Update July 12th *POSTPONED*

In the June newsletter we announced a leader update meeting with the main focus being the updated IDPH Administrative Code. Last week we received significantly more proposed changes. Given that, we are electing to wait until we have time to review this newer list. Thank you for your understanding.

MEMS Education

The MEMS monthly CEU topic for July is Drugs of Abuse. The dates and times Friday, July 14, 9 – 10 a.m. and Tuesday, July 25, 7 – 8 p.m.
